SUCCESSFUL BID FOR A NEW PROJECT

The board of directors of Dynagreen Environmental Protection Group Co., Ltd.* (the “Company”) is pleased to announce that the Company has recently been confirmed as the successful bidder for the waste-to-energy power generation concession project (BOT) in Dengfeng City of Henan Province. The project adopts a build-operate-transfer (BOT) model and the length of concessionary period lasts for 30 years (including a construction period and a trial operation period of a total of 24 months). The processing capacity is set to be 1,050 tonnes of domestic waste daily. The construction of the project is planned to be carried out in two phases, with the first phase building a daily capacity of 700 tonnes. The tentative investment amount for the first phase of the project is RMB370 million. This project is the first waste-to-energy power generation project of the Company in Henan Province. To date, the coverage of the Company’s waste-to-energy power generation project has been extended to 15 provincial-level administrative regions in China.
